## THEIR PLANS UPSET.

Howison May Reach New York for the Dewey Celebration.

## ON HIS WAY NOW.

Some Had Hoped He Would Remain in the South and Give Sampson Full Control of the Warships at the Welcome.

Washington, Sept. 22. — A dispatch received at the navy department from Rear Admiral Howison is worrying the officials here.

Admiral Howison, entirely unconscious of the consternation his news will carry to those who have been asserting that he will not get to New York until after the reception to Admiral Dewey, announces in this message that he has left Barbadoes on the Chicago for New York. This is the last thing the friends of Admiral Sampson wanted. Everything has been arranged to have Sampson in his capacity as the hero and victor of Santiago, greet his brother hero of Manila. Admiral Schley will be in New York at that time, but in no official capacity. He will be there just simply because as an American citizen he has an inalienable right to stand on the sidewalk and see Dewey go by.

Nothing had occurred to mar the spectacle of one hero greeting another and welcoming him home until this disquieting news was received from Howison. Howison is Sampson's senior and if he gets there before the celebration he will outrank that officer and take command. The naval regulations require it. Howison is simply an old friend of Dewey and would like to be on hand when his friend has his triumph.

The navy department official have pointed, whenever this danger was suggested, to Howison's itinerary, which calls for his arrival on Oct. 5, and have confidently proclaimed he will not get there before then, notwithstanding the fact that Howison has been ahead of his schedule right along. They are now busily engaged in figuring out that he cannot get to Topkinsville in less than eight days, but others think he can do it easily in seven.

## DEMANDS CHOICE PLACE.

Roosevelt Sends Roe Orders About the Grand Army of the Republic Men.

New York, Sept. 22.—Major General Roe, who will command the national guard of New York state at the Dewey land parade, has received a telegram from Governor Roosevelt directing him to give the Grand Army of the Republic choice of any place in the parade. Immediately on receiving the telegram General Roe had a conference with Mayor Van Wyck and Chairman Guggenheim of the plan and scope committee was notified of the governor's dispatch. After pointing out that his committee alone had the right to assign places in line of march, Mr. Guggenheim said of the governor's action: "It is peculiarly Rooseveltian. It is most impudent, unjustified and an unwarranted interference in a matter that is without his province. I do not believe our committee will take any notice of it."

Major General Roe declined to discuss the action of Roosevelt.

## Political Exiles Returning.

San Domingo, Sept. 22.—A warship from Porto Rico with 40 political exiles on board has arrived here. The return of the exiles aroused much enthusiasm among the populace. A decree of the government fixing Oct. 6, to Oct. 8, for primary elections and providing for the meeting of the electoral college during the last week in October, although it is revolutionary action and against the constitution, it has been well received. The government's action is ratified by a popular demonstration, the crowds crying: "Down with the constitution." There was apparently no opposition to the decree. The officers will be elected for a full term of four years. Jiminez is the only candidate for the presidency of the republic.

## No Settlement at Pana.

Pana, Ills., Sept. 22.—President J. M. Hunter, of the Illinois miners, was in this city in company with William Goforth, president of the local lodge. They held a consultation with the local coal operators in an endeavor to effect a settlement of the strike here, taking as a basis the recent agreement made in the Chicago and Alton district. After a session lasting nearly all day, no agreement was reached. President Hunter states, however, that he has hopes of securing a settlement in the near future.

## Will Be Invited to Washington.

Washington, Sept. 22.—In connection with President Diaz's visit to Chicago, it is expected that President McKinley will meet him at Chicago and invite him to come to Washington as a guest of the nation. Tentative plans along these lines have been considered and

definite arrangements will be made when the official announcement is received as to Diaz's intentions. Diaz's route northward is expected to be through San Antonio and St. Louis.

## Fell Four Stories.

New York, Sept. 22.—Mrs. Horace Chemery, wife of a prominent resident of Larchmont Manor, N. Y., either fell or jumped from the fourth story window of Hotel Majestic and was instantly killed.

## YELLOW FEVER.

### Three New Cases.

New Orleans, Sept. 22.—The board of health reports three new cases of yellow fever and two deaths.

## Two Deaths at Key West.

Key West, Fla., Sept. 22.—Twenty-four new cases of yellow fever and two deaths for the 24 hours ending Thursday evening.

## All Trains Inspected.

Washington, Sept. 22.—The marine hospital service has been notified that owing to the fever situation in New Orleans, a train inspection service is to be instituted on all roads out of the city.

## A Grewsome Package.

Dallas, Sept. 22.—When Dr. J. H. Florence, the city health officer, came down to his office at the city hall Thursday morning he found a bulky package on his desk. He opened it and started violently. The package contained the body of a white baby, apparently about 3 or 4 weeks old. The body was found on the doorstep of Dr. J. H. Holsey, a negro dentist, early Thursday morning. He brought it over to the city hall. Dr. Florence turned it over to an undertaker and it was interred. There is no clew to the identity of the parents of the infant.

## A Serious Collision.

Windom, Minn., Sept. 22.—Two freight trains on the St. Paul and Omaha road collided here, killing Engineer Rasmussen, Fireman Stratton and John Roberts, a traveling man, and three trainmen were uninjured. The wreck occurred on a bridge, which gave way under the shock. Fire afterward destroyed the debris. Conductor Williams of one of the trains has disappeared after giving conflicting stories as to the cause.

## Failure at Chicago.

Chicago, Sept. 22.—The firm of Barrett, Farnum & Co., a wealthy and influential board of trade concern, has failed. The firm had sold heavily short during the past three days, plunging in the expectation that the New York stock panic would result in a break in wheat. The shortage of the firm is variously estimated at from 4,000,000 to 5,000,000 bushels of the December option.

## Stood the Officer Off.

Mineola, Tex., Sept. 22.—Constable Hope of Hallville, came here with a warrant for a negro wanted in Harrison county on a criminal charge. He located his man in a cotton field near here and went out in a buggy to bring him in. The negro pulled a big gun on the officer and made him drive back alone. Other officers went out, but the negro had fled the country.

## Prediction That Came True.

Bellefontaine, O., Sept. 22.—Rev. Paul Cumberland, a colored Baptist evangelist from Sidney, O., in an impassioned address at a colored camping at Walnut Grove, Monday said: "I will die tonight. Something tells me so. But before dying I want you all to remember. He was found the next morning stiff and cold in his bed, dead of heart disease.

Major General Roe declined to discuss the action of Roosevelt.

## Another Advance in Meats.

Chicago, Sept. 22.—Porterhouse, sirloin and tenderloin steaks went up 2 cents a pound in Chicago Thursday and rounds and others advanced from 1 to 2 cents. Choice steaks ranged from 22 to 25 cents a pound, medium 16 to 22 and common 12 to 15 cents. The cause of the last rise in beef is the high prices ruling for cattle on the hoof at the stock yards.

## Situation at Argyle.

Denton, Tex., Sept. 22.—A small child of William Lain died in the pesthouse near Argyle of smallpox. Henry Foster and two children are reported to be dangerously ill with the same disease. There have been no new cases in the past five days.

## Gin Accident.

New Boston, Tex., Sept. 22.—H. B. Enbank, a prominent planter and ginner here, had his right arm and hand horribly cut and mangled in his gin. The limb was amputated above the elbow by physicians and he is doing very well at present.

## Bought Dallas County Bonds.

Greenville, Tex., Sept. 22.—The treasurer of Hunt county now holds \$10,000 worth of Dallas county bonds recently purchased by order of the county commissioners. A premium of \$106.66 2-3 was paid for the bonds.

## Engraving Firms Indicted.

Chicago, Sept. 22.—The grand jury voted indictments against 18 engraving firms which are alleged to have formed a combination to control the engraving business in the west. The specific charge against them is conspiracy to defraud.

If so you should know that stamped envelopes which are only spoiled by mistakes committed in superscribing will be redeemed by the postoffice department at their stamp value. ### FROM TABOR.

After a freshening shower that we had last Sunday, I will try to give the Eagle a few dots from our quiet community.

I am glad to see so many letters from the different communities. I certainly enjoy hearing the news each week from our neighbors and friends all over the county, and to hear what the people are doing.

Picking cotton is still going on rapidly.

Messrs. H. L. Bush and T. M. Ganaway visited Macy last Saturday and Sunday and report a nice time.

There was a crowd out at Cottonwood Sunday night and we heard some nice singing lead by Prof. E. W. Thompson. All seemed to enjoy it.

## CONVENTION RIOTOUS.

Massachusetts Democrats Hold a Warm Convention at Boston.

### POLICE KEEP ORDER.

The Williams Faction Win Out, Nominating the Entire Ticket, Adopting the Chicago Platform and Indorsing Bryan.

Boston, Sept. 22. — The Democratic state convention here nominated the following ticket:

Governor—Robert Treat Payne, Jr. Lieutenant governor—John H. Mack. Attorney general—John H. Morrison. Secretary of state—Harry Lloyd. State treasurer—Joseph J. Flynn. Auditor—J. H. Ramsdell.

The riotous scenes and bitter fights between the two factions of the Democratic party of this state which characterized the all night session in the music hall here in 1896, and that at Worcester the following year, were renewed with great bitterness at the annual convention of the state Democracy in the Mechanics' hall Thursday. There was hardly a moment after the speeches of the temporary and permanent presiding officers were concluded, when there was quiet and harmony in any degree. At times the entire delegation were upon their feet, the members standing on chairs or tables, shouting in the heat of passion some denunciatory remarks at the chairman or the person who was endeavoring to speak on the platform.

At this time it seemed as though even the force of 100 policemen in the hall would be of no avail so impassioned were those upon the floor and the climax came, when, at the request of the chairman, the captain of the police appeared upon the platform and placed his hand upon Congressman John E. Fitzgerald in readiness to forcibly remove him from the platform, had he not subsided and allowed the chairman to address and calm the excited assemblage.

The cause of the tumult which raged for nearly three hours was the question before the body accepting the action of the state committee in presenting a list of delegates to the national convention. It was claimed by those who opposed the idea that it was against all precedent and robbed the various districts of their constitutional rights.

The personalities which were indulged in were directed as much against Congressman Fitzgerald as against Mr. Williams, the party leader, and hard names were called on both sides. The final result of all the confusion and discord was the overwhelming passage of every motion and report that was made by the state committee and the election of national convention delegates, headed by Robert Treat Payne, Jr., and John H. Mack.

The platform indorses the principles of the last national convention, opposes the policy of the McKinley administration in the Philippines and declares for Bryan for president.

Given One Year.

Omaha, Sept. 22.—The Republican state convention here was one of the most harmonious gatherings ever held by the party in this state. M. B. Reese of Lincoln was nominated for supreme judge. F. G. Gilton of Omaha and William B. Ely of Ainsworth for regents of the university, each on the first ballot. The platform is about the same as that adopted at St. Louis in 1896.

Fort Worth, Tex., Sept. 22.—Witnesses in the case against the negro waiter at Manitowoc, Col., charged with murdering Gus McKemie of Gainsville, during the summer in a diningroom, that the negro was found guilty of manslaughter and given one year in the penitentiary.

Huntsville, Ala., Sept. 22.—Paint Rock, Ala., has been devastated by fire. Every store, except that of J. W. Keel, in the south half of the business portion was burned. Nearly all of the merchandise was lost and there was no insurance on it.

Devastated by Fire.

Madrid, Sept. 22.—Rear Admiral Montijo, the commander of the Spanish naval forces in the battle of Manila bay, and who has been on trial before the supreme court, has been condemned to retirement without the right of promotion.

Tyler, Tex., Sept. 22.—George Neal, a negro living near Browning, 16 miles east of here, was wayside and shot with two loads of buckshot. No arrest have been made.

### FROM IOLA.

Every thing pleasant and peaceful around our "Garden City" as usual.

Cotton picking seems to be the order of the day with the farmers. It will not take them long to pick the cotton as crops are short and furthermore, we have fine cotton pickers and good workers in this part of the country.

Schools will begin earlier this year than last, which is very gratifying to teachers. We have good schools, as well as good teachers, of which we are proud to boast, and I am proud to say our boys and girls take a great interest in educational work. May the time be not far distant when every boy and girl in our land and country may know and realize the need of an education, and manifest an interest in such a noble work.

Messrs. Edgar Neeley, Dood Mize, and Charlie Chaney left last Monday for Bryan to attend the Allen Academy. May they spend a pleasant and profitable session, which I feel sure they will as Bryan is a pleasant place and the boys are very studious.

There is still a great deal of sickness and several deaths.

Mr. J. M. Barron's infant son, Earl died the 11th. May God in His infinite wisdom help the bereaved to bear the loss of their dear little one. He is not gone but only passed into the beautiful beyond where he is only a heavenly treasure waiting for the dear ones left behind.

Mr. Ed Hunter of Martin's Prairie, died the 13th, after an illness of twenty hours, of congestion and black jaundice. Death is sure and life so uncertain, it behoves us all to be prepared to meet the summons, for where the grim monster death knocks at our doors we are bound to submit. Mr. Hunter leaves a wife, father, mother, brother and a number of children and friends to mourn his loss. He will be greatly missed, for he provided well for his family, was a good neighbor, and a member of the Missionary Baptist church at Martin's Prairie.

Mr. L. A. Wren and family are in our midst visiting relatives and the friends.

The people around Iola fished Round Lake the 16th and caught more fish than the crowd could consume, all report having a fine time.

We had a nice shower the 17th which was much appreciated.

Several of the boys and girls from here attended singing at McCary Sunday the 17th. Prof. Peters, who taught a school at that place a short time past met with the choir. All report having a good time and nice music. Prof. Peters' sisters also were present and Mr. F. M. Bell and his sister, Miss Elda, all of Rogers Prairie. They spent the night with friends and left for home Monday morning. Miss Bell will teach the McCary school this coming term.

British Cabinet Council.

London, Sept. 22.—A cabinet council was held at 12:30 o'clock this afternoon. A large crowd assembled about Downing street early in the day. The cabinet ministers were loudly cheered, the secretary of state for the colonies, Mr. Chamberlain, receiving the lion's share of applause.

When the cabinet went into session no new developments in the Transvaal situation had transpired. Dispatches from the Cape continue to be of a war-like tone and voiced the indignation of the British contingent against the Orange Free State and Afrikander attitudes.

The cabinet meeting ended at 2:40 p. m. The ministers were cheered as they came out of the foreign office. Nothing transpired regarding the action taken, through the general impression spread was that a vigorous line had been adopted.

"Referring to your cablegram of Sept. 18, will state that 16 churches in different localities are occupied by United States troops. Four are only partially occupied and religious services are not interferred with. Also three convents are occupied. These three and ten of the 16 churches were formerly occupied by the insurgents. Church property is respected and protected by our troops."

Filipinos Ditch a Train.

Manila, Sept. 22.—A party of insurgents ditched a railroad train a mile and a half south of Angeles and then opened fire upon the derailed cars from a bamboo thicket close to the track, killing two Americans and wounding five others. Lieutenant Lomé and five of his scouts, who were on the train, made a vigorous defense and caused the enemy to flee. Six dead rebels were afterward found in the thicket from which the rebel fire came. General Wheaton with six companies proceeded from Calutet to the relief of the train but his services were not needed.

The building will be reconstructed at once.

## PECULIAR DISEASE.

It Resembles Smallpox, but Physicians  
Unable to Decide.

Springfield, Mo., Sept. 22.—A singular disease, resembling smallpox, is puzzling the board of health and the doctors of Springfield. For some time the epidemic was called chickenpox, and some of the physicians still insist that it is only a malignant form of the disease. A majority of the doctors of the city have come to the conclusion that the sickness is smallpox. Several prisoners in the county jail had the disease, and the county physician reported to the penitentiary officials that it was chickenpox. The penitentiary authorities refused to receive prisoners from the jail on this account. The jail has been quarantined and some new prisoners have been sent to the county poorhouse for safekeeping. The school board has ordered that all children shall be vaccinated or sent home by their teachers. The doctors are all busy vaccinating the children. While Mayor Hall does not believe that the disease is smallpox, he has ordered that all cases be reported and quarantined. No one has died, and but slight sickness attends the breaking out. Some of the doctors say that the armies of the late war were full of the disease, and that it is what was called in southern camps the Cuban itch.

### Arkansas Foreign Corporation Law.

Little Rock, Sept. 22.—Up to date only 200 foreign corporations have complied with the act of the last legislature which requires all such corporations doing business in the state to file their articles with the secretary of state, paying therefor the regular fee, which is ordinarily \$26. All corporations which failed to comply with the law by May 16 are violating it by continuing in business, and are liable to prosecution and a fine of not less than \$1000. It is made the duty of the prosecuting attorney to see that the act is enforced. They may now file their articles and be exempt from penalty for past violation, but are inviting prosecution by a continued neglect to do so. It was estimated that there were at least 800 foreign corporations doing business in the state.

### Young Bridegroom in Trouble.

Little Rock, Sept. 22.—Walter Ridley, a well known young man of this city, and his first cousin, Miss Mattie Davis, aged 17 years, eloped to Plummersville and were married. The girl's father swore out a warrant for Ridley for enticing a minor from home and placed it in the hands of Constable Nowlin, who went up to Plummersville to effect his arrest. Later the young bride was returned to her father's home. Ridley has subjected himself to the penalties of the law against the marriage of cousins and may also be prosecuted for false representations, which he made in order to secure a license.

### Body Found in a Box Car.

Joliet, Ills., Sept. 22.—The body of Salvatore Scelfo was found in a box car in this city with his throat cut from ear to ear. Scelfo was unknown here, and it is supposed that he came from Chicago and was murdered by thugs for his money, the body being thrown into a box car. A letter was found in his pocket addressed to 354 South Clark street, Chicago, and had been redirected from Chicago to East Chicago, Ind., where he evidently received it. No clue to his assailants has been discovered.

### The Rumor About Correct.

San Francisco, Sept. 22.—Definite and reliable information from the east sets at rest the rumors about the sale of the Crocker estate holdings in the Southern Pacific stock and ends the speculation as to the purchaser. The Crocker shares, numbering 340,000, and valued approximately at \$10,000,000, have been bought by a syndicate headed by C. P. Huntington. The other outside holdings are also said to have been purchased by the syndicate in sufficient amounts to secure to C. P. Huntington the absolute control of the Southern Pacific railway.

### Otis' Chinese Exclusion.

Washington, Sept. 22.—The cabinet meeting took up the subject of Chinese exclusion from the Philippines and discussed it at some length. It was decided to ask General Otis for definite information as to what had been done, especially in regard to the particular complaint from the Chinese minister, that a shipload of Chinese had been stopped. Otis will be asked to give reasons why this action was taken.

## SHORT ON COAL.

Railroads in the Central West Unable to Haul the Winter's Supply.

Chicago, Sept. 22.—According to present indications, the central west this winter will experience a coal famine, the like of which never before has been known in this section of country. Prosperity, it is said, will be the primary cause of the famine. Ordinarily at this season of the year the railroad companies, especially those whose lines connect the east and central west, derive their greatest benefit in transportation of coal from the eastern fields to this section, but under the present condition they are unable to provide cars for the hauling of the fuel owing to the unprecedented handling of other and more profitable commodities.

Under ordinary circumstances the lake carriers are engaged in carrying coal from the east to the west, and stocking the great bunkers for the winter supply, but in the summer, which ends today, they have had more than they could do to haul other things which contributed more generally to the exchequer of the various companies.

Coal mine owners in the east have had a noticeable portion of the last six months in trying to secure accommodations for their shipments, but the railroad companies, even in view of the fact that they operated with greatly increased equipment, have been unable to oblige coal men. Railroad tariffs on coal have been advanced and there are strong reasons to believe that before very long they will be sent up still higher. At present when, under ordinary circumstances, the winter supply of coal would be in the market bins, there is comparatively little to be had on short notice. The inability of the coal miners to get their wares on the markets and the general advance in freight rates will serve to make the fuel much dearer this winter than ever before, according to a coal yard operator.

### Four Victims So Far.

Macon, Miss., Sept. 22.—Cornelius Triplett, colored, was shot and killed at Singleton, making the fourth victim—two white and two colored—resulting from the feud raging in that country.

The friends of Paul Johnson, brother of H. B. Johnson, the man killed with Ed. Triplett Monday, were here Thursday laying in a supply of arms and ammunition. Indications are that this party intend to take the law into their own hands. It is said that Paul Johnson was to have been killed instead of his brother and that the killing of the latter was a mistake.

### Both Are Dead.

Stamping Ground, Ky., Sept. 22.—As Tom Southworth and some farmers of Harmony, Ky., were returning from Georgetown county court, Southworth was rather disorderly passing through Stamping Ground, and Town Marshal Duke, it is supposed, undertook to arrest him. A number of shots were heard. Southworth received several shots in mouth and face. Duke receiving one shot just below the heart. Both men are dead, dying within a few minutes of each other. It is not known positively how Duke was shot, as Southworth's pistol was loaded all round when examined.

### Sick Child Abandoned.

Dayton, O., Sept. 22.—A two-year-old boy, who is severely afflicted with hydrocephalus, was left at the boarding house of Jesse Smith, on the west side, by an unknown man and woman. Mrs. Smith agreed to take the boy to board for a few days, but when she saw how the child was afflicted she refused to receive him. The stranger placed him in her arms, however, and, in company with a woman drove rapidly away. All efforts to establish the identity of the man and woman have been of no avail. The child is in a serious condition and was taken to a hospital for treatment.

### A Mad Cow.

Marietta, O., Sept. 22.—David Shultz started home with a cow tied to the rear of his express wagon. The cow became infuriated and charged on the vehicle, throwing out the occupants. Mr. and Mrs. Shultz were both badly bruised and a 7-year-old boy who was riding with them had a hole crushed in the top of his head as large as a half dollar. The pieces of bones were removed from his brain and he will recover.
